

# IOA Data

Learner:

Date:

Observer 1:

Observer 2:

## Continuous Measures

In the chart below record the frequency, rate or duration of the identified target behavior. Then calculate the % agreement.

	Behavior:	Behavior:
Observer 1		
Observer 2		
% agreement		

## Discontinuous Measures

In the chart below record occurrence and nonoccurrence of behavior as reported by each observer then compare each interval for agreement. Then calculate the % agreement.

Interval #	1	2	3	4	5	6	7	8	9	10
Observer 1										
Observer 2										
% agreement
