

# DIFFERENTIAL REINFORCEMENT

## Differential Reinforcement of Alternative Behavior

Reinforcing an appropriate alternative behavior that serves the same function.

## Differential Reinforcement of Incompatible Behavior

Reinforcing an incompatible alternative behavior that serves the same function.

## Differential Reinforcement of Lower Rates of Behavior

Reinforce gradually decreasing rates of behavior.

## Differential Reinforcement of Higher Rates of Behavior

Reinforce gradually increasing rates of behavior.

## Differential Reinforcement of Other Behavior (DRO)

Reinforces the absence of the target, behavior (the behavior you are trying to reduce)
