

Fidelity Checklist for Differential Reinforcement

Steps	Date:	Date:	Date:	Date:	Date:
1. Selects a known reinforcer or conducts preference assessment.					
2. Chooses the appropriate behavior to reinforce based on the intervention plan.					
3. Explicitly teaches the replacement or alternative skill.					
4. Delivers reinforcement contingent only on identified behavior (i.e. does not deliver for non targeted behaviors).					
5. Responds to target behavior according to intervention plan.
